

The impetus for all the activities of Johrei Fellowship is the inspiration of one man, Mokichi Okada, born on December 23, 1882. We, who are committed to his vision for a new civilization address him as *Meishu-sama*, which can be translated as “Master of Light.” We are observing and celebrating his birthday at our centers during this month.

*Whenever I look up,
The vast expanse of the sky
Always reminds me
How Limitless, Infinite,
Is the heart of God.*

*It is not man's reason
But the invisible
Love of God
That generates the
Power To save humanity.*

Meishu-sama

HAPPY BIRTHDAY – MEISHU-SAMA!
